

1992 Union Pump / APV Gaulin Laboratory Homogenizer

Mfg: APV

Model: HTD-1

Stock No. FBMC003.15

Serial No. RZ93471A-1

1992 Union Pump / APV Gaulin Laboratory Homogenizer. Model: HTD1. S/N: RZ93471A-1. Capacity: 6gph. Single stage manual valve assembly. Specifically designed for Laboratory or pilot plant use, the HTD1 can achieve fully reproducible results that can be applied to full scale production. Its small footprint and quiet operating characteristics make it ideal for bench top locations. Applications include: chemical, food, dairy, cosmetic and pharmaceutical industries.
